School Offerings

About Us

Since 1994, Axiom College has provided quality training outcomes that are current, flexible, convenient and future ready. Our nationally recognised qualifications and industry respected short courses may be delivered in class, online, in the workplace or at school.

Our skilled trainers bring our courses to life with current industry experience.

VET in Schools (VETiS)

Axiom College is dedicated to working with schools to deliver industry training that is nationally recognised to students in year 10, 11 and 12.

VETiS or Vocational Education and Training in Schools is funded by the Queensland Government and is fee-free for eligible students. The program allows students to undertake VET qualifications while they are still attending school. The VET investment budget will provide funding for students to complete one VETiS qualification on the Queensland Training Subsidies list.

Students eligible for VETiS funding through the VET Investment Budget can access training at no cost.

Axiom College is proud to be an approved Skills Assure Supplier (SAS).

For more information on the VETiS program, please visit:

https://desbt.qld.gov.au/training/training-careers/incentives/vetis

Qualification and code

AHC20422 Certificate II in Horticulture

AHC21020 Certificate II in Conservation and Ecosystem Management*

CPC10120 Certificate I in Construction

CHC22015 Certificate II in Community Services

HLT23221 Certificate II in Health Support Services

SIT20322 Certificate II in Hospitality**

SIT20421 Certificate II in Cookery

TLI20421 Certificate II in Supply Chain Operations

** Some courses may require students to undertake vocational placement in an approved setting as well as, at your own cost, undertake any security clearances and/or provide immunisation information as required by industry, employers and current government health mandates.

* Please note, the following qualifications have been superseded, and are in the process of transitioning.

Skills Assure
Proud to be a Queensland Government subsidised training provider

Health Hub Program

Students can gain valuable points toward their QCE by completing this program, which is also extremely cost-efficient. Eligible students can use their VETiS funding to cover their costs.

While students will enroll in the nationally recognized qualification, **HLT23221 Certificate II in Health Support Services**, the Axiom College Health Hub program offers much more.

Our Health Hub Program provides students with opportunities to learn about:

- Healthy body systems and identifying parts of the brain
- How to read blood pressure monitors
- How to read blood oxygen meters and determine health readings
- How to take patients' body temperature
- Safely moving patients using body slings, wheelchairs, shower chairs, etc.
- Correct handling of medical waste
- Using medical forms, technical terms, and jargon
- Writing up progress notes, incident reports, and hazard reports
- Patient feeding using specialized utensils
- Dealing with bodily fluids and potentially infectious waste
- Cleaning and making up hospital beds and rooms to hospital standards
- Patient dressing techniques, including clothes protectors and incontinence pads
- Donning and doffing compression stockings to avoid leg clots
- Patient showering utilizing shower chairs
- Identifying and using the correct PPE for various situations

And much more!

Health Hub Program

HLT23221 Certificate II in Health Support Services

CHCCOM005 Communicate and work in health or community services

CHCDIV001 Work with diverse people

SITXFSA005 Use hygienic practices for food safety

BSBOPS203 Deliver a service to customers

HLTAID011 Provide First Aid

HLTHSS011 Maintain stock inventory

BSBMED301 Interpret and apply medical terminology appropriately

Health Hub Program

Once our students graduate the Health Hub program (HLT23221), they may wish to enroll into our HLT33115 Certificate III in Health Services Assistance course for further study within the industry. Students may be able to accelerate this program by using some course credits from units of competency completed as part of the Health Hub program.

This program extends the graduate learning and can assist them onto the path of employment within the health industry or assist them with entry into higher education. This is a fee for service program. Cost will vary depending on the individual student as a result on whether they can obtain course credits for previous studies. Discuss with one of our Business Development Managers.

HLT33115 Certificate III in Health Services Assistance

HLTWHS001 Participate in workplace health and safety

BSBWOR301 Organise personal work priorities and development

BSBMED303 Maintain patient records

BSBMED301 Interpret and apply medical terminology appropriately

HLTAID011 Provide First Aid

BSBINN301 Provide innovation in a team environment

Fee-For-Service Offerings

For students who are not eligible for government-funded training or are interested in qualifications that do not attract subsidies, we offer Fee-For-Service (FFS) training options.

We understand that funding your education can be a significant commitment, which is why we offer easy payment plan options to help you manage the costs. With these plans, you can start your course and spread the payments over time, making it more accessible to invest in your future.

For more information on our Fee-For-Service courses, to discuss payment options, or to assess your eligibility for funding, please contact Axiom College on 1800 114 419. We're here to help you find the best pathway to achieve your career goals.

Industry Connections

Our success is built on strong partnerships and collaborations with key stakeholders across various industries. We take pride in the trusted relationships we've developed with our clients, which are a testament to our commitment to excellence, innovation, and quality service.

You'll find below some of our most valued clients, representing the community services sector we serve. These partnerships not only highlight our expertise but our dedication to helping businesses achieve their goals.

We are honored to work alongside these industry leaders, and we continually strive to expand our network of connections to bring even more value to our clients.

If you're looking to connect with any of these industries, we may assist in facilitating those introductions. Our relationships and insights may provide you with valuable opportunities.

Job Pathways

Upon completing your course, a world of job opportunities opens up. Our programs are specifically designed to align with industry demands, ensuring that you graduate with the skills and knowledge that employers are seeking. Whether you're entering the workforce for the first time, changing careers, or advancing in your current field, the qualifications you've earned will serve as a solid foundation for your professional journey.

We provide clear pathways to various roles within your chosen industry, helping you to transition smoothly from education to employment. Many of our graduates find themselves well-prepared to step directly into jobs that match their training, with potential career outcomes ranging from entry-level positions to more specialized roles.

With your qualification in hand, you're ready to pursue a rewarding career and make a significant impact in your chosen field.

University Pathways

If you want to continue to study, explore how your Vocational Education and Training (VET) qualifications can serve as a stepping stone to university education. Many of our courses are designed with clear pathways to higher education, allowing you to transition from VET to a university degree.

Your VET qualification could provide you with advanced standing in a variety of undergraduate programs, significantly reducing the time and cost required to complete your degree. This seamless transition is supported by our strong partnerships with universities like University of the Sunshine Coast Australia (UniSC) and University of Southern Queensland (UniSQ) , where your prior learning with Axiom College may be recognised.
